American School of Madrid
Volume 20

A.S.M. THROUGH

The first A.S.M. on Dr. Fleming - 1961.

The "new" A.S.M. - 1967.

Skirts couldn't be too short.

Now they don't have that problem.

Our newest addition.

20 YEARS

A.S.M. today.

Tradition started in '67 still goes on (see below).

Landscaping in '69 was a big improvement!

The gym was a large investment in 1979-80.

THINGS TO REMEMBER ABOUT '81-'82

Walkman Fever

The new parking lot: motorcycles

Big bubbles, no troubles!

Graffiti in the lounge.

Knickers

Double trouble: the layered look

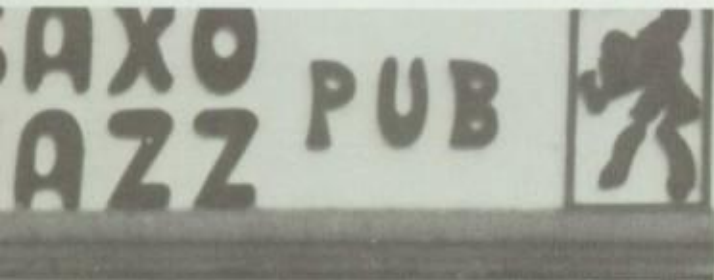

Strawberry turtleneck

Cowboy hats

Friday night hang-out

Fair isle prints

Mocassins, Chinese shoes

Fashion battle: monograms vs OP vs Izod

Baggies.

Party, much?

John Belushi Day: The Blues

Lots of snuff and hot stuff!

Naranjito: Mundial '82

Metro: Way to go!

Docksidlers, wild shoelaces ...

... dessert shoes ...

... Converse, Nikes, Tretorns!

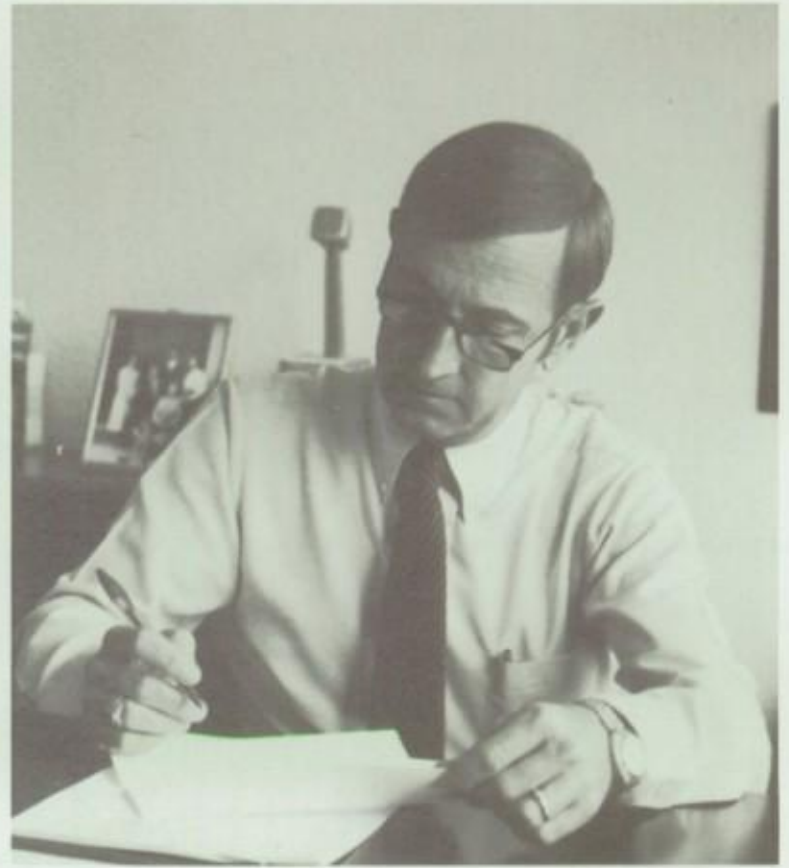

DEDICATION

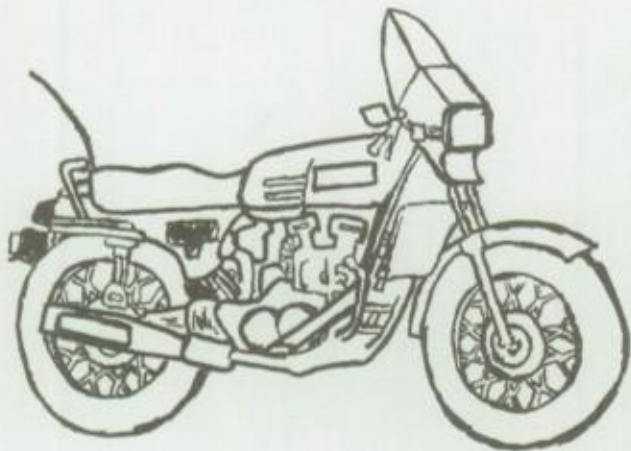

A good superintendent makes all the wheels of a school mesh smoothly.
A fine coach brings out the best in each member of his team.
A wise teacher trains individual minds to think for themselves.
A "lollipop" gives his students a second chance.

You seldom find all these qualities combined in one very special person. So the Senior Class dedicates *Reflections 1982* to:

DR. MAX R. TUDOR

Youth is wholly experimental.

— Robert Louis Stevenson

Man has his will — but woman has her way.

— Oliver Wendell Holmes

Let men say whate'er they will,
Woman, woman, rules them still.

— Isaac Bickerstaff

If I leave here tomorrow
Would you still remember me?
For I must be traveling on,
now,

'Cause there's too many places
I've got to see.

— Lynyrd Skynyrd

Long you'll live

And high you'll fly.

And smiles you'll give
and tears you'll cry.

And all you touch
and all you'll see

Is all your life will ever be.

— Pink Floyd

For they can conquer who believe they can.

— Ralph Waldo Emerson

To see a world in a grain of sand

And a heaven in a wild flower.

— William Blake

CYNTHIA DE LAS FUENTES CAROLINE CARMO

Live for Today

I'll never see this day again,
The seconds or the hours.
Now's the time to take the time
To stop and smell the flowers.

Today's the day to give that smile
And happiness away
That you were saving for a friend
Some rainy, gloomy day.

So touch a heart, hold a hand,
Call that lonely friend.
Don't postpone the love you have,
This day won't come again.

— Patricia Rainier

GABE DIAZ

Love is not held together by threads, but by
bonds stronger and longer than any artificial
cable.

— G.D.

An ocean may drown a friendship,
And a buddy just might not last.
But a love like ours, so true, so deep,
Will last, no matter how much time has
past.

— G.D.

SHAHRAZAD KREWI

We are born
we suffer
we love
but the waves continue to
beat
upon the rocks;
the seed time and the harvest
come and go,
but the earth remains.

— Victoria Holt

ANNMARIE MUÑANA

If a man does not keep pace with his companions,
perhaps it is because he hears a different
drummer. Let him step to the music which he
hears, however measured or far away.

— Henry David Thoreau

My mind to me a kingdom is,
Such perfect joy therein I find
As far exceeds all earthly bliss
That God a nature hath assigned.

— Sir Edward Dyer

ROSA SEIJO

I faced it all
and stood tall,
but most of all,
I did it my way.

Love came into a world of hate
Yet love was born.

— Charles Hannibal Vass

Go forth under the spoken sky
and list to nature's teachings.

— William Cullen Bryant

CHRIS CHIARELLO

Life's but a walking shadow, a poor player,
That struts and frets his hour upon the
stage,
And then is heard no more; it is a tale
Told by an idiot, full of sound and fury,
Signifying nothing.

—William Shakespeare

Are you experienced?
—Jimi Hendrix

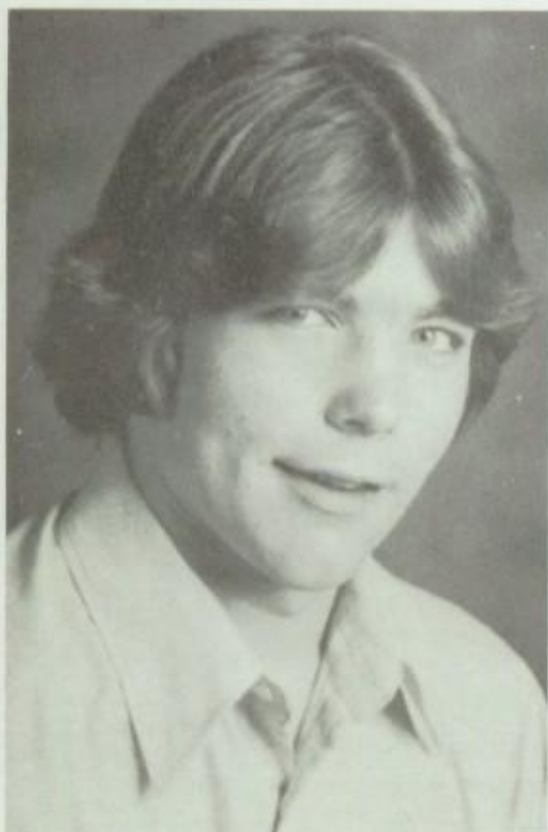

The horror! the horror!
—Joseph Conrad

No, his mind is not for rent
To any god or government
Always hopeful, yet discontent
He knows changes aren't permanent —
But change is.

— Rush

KEN MORTON

Once she ruled the world with love and wisdom, but
we were much too smart to live her way. With greed
and lust we tried to rise above her. The ignorance of
man will reach an end and now she's gonna die.

— Kansas

Well, I dreamed I saw the silver spaceship
Flying in the yellow haze of the sun.
There were children crying and colors flying
All around the chosen ones.
All in a dream, all in a dream
The loading had begun.
We were flying mother nature's silver seeds
To a new bomb in the sun.

Now watch what you say or they'll be calling you a
radical, liberal, fanatical, criminal. Won't you sign up
your name, we'd like to feel you're acceptable,
respectable, presentable, a vegetable.

— Supertramp

KEVIN WARD

Since teenagers are too old to do things kids do,
and too young to do things adults do, they do
things nobody else does.

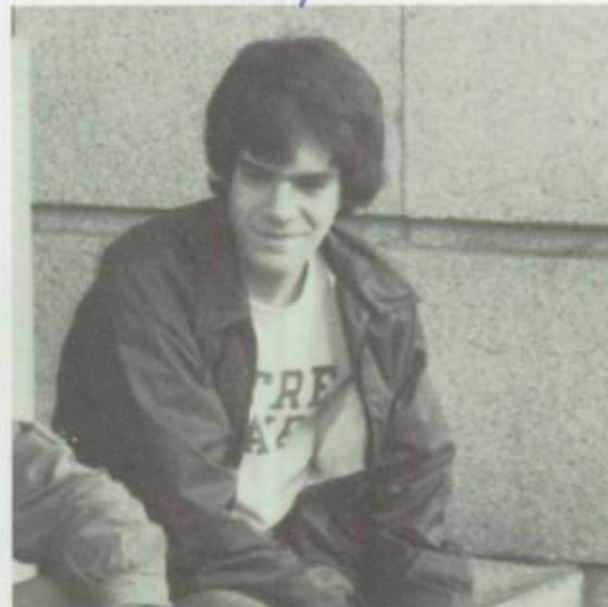

— J. Graser

There is —
A time to be aggressive and a time to be
passive,
A time to be together and a time to be alone,
A time to fight and a time to love,
A time to work and a time to play,
A time to cry and a time to laugh,
A time to confront and a time to withdraw,
A time to speak and a time to be silent,
A time to hurry and a time to wait,
But there never does seem to be enough time.

Women aren't perfect, but they're the only
opposite sex we've got.

We're through being cool
We're through being cool

Some people think the world is what it ain't.
To some I'm a sinner, to others a saint.
Some folks say the world ain't what it is.

IRENE HARTZELL

And someday soon we'll stop to ponder
What on earth's this spell we're under
We made the grade and still we wonder
Who the hell we are!

— Styx

It is impossible to cheat life; there are no answers to the problems of life in the back of the book.

— Kierkegaard

The love that lasts the longest is the love that is never returned.

— Somerset Maugham

We don't have to change just now
We can laugh about the load
I can see us later, lighted eyes,
Likely be laughing, down the road.

— Heart

See my future at the rainbow's end ...
Happy hours ... Timeless friends ...
And if I ever chance to find my way ...

Rest assured, I will stay.

— Billy Squier

... Nothing in particular,
just life in general ...

SHEILA HARNETT

That's the difficulty in these times: ideals, dreams and cherished hopes rise within us only to meet the horrible truth and be shattered. It's really a wonder that I haven't dropped all my ideals because they seem so absurd and impossible to carry out. Yet, I keep them because in spite of everything I still believe that people are really good at heart. I simply cannot build up my hopes on a foundation consisting of confusion, misery, and death. I see the world gradually being turned into a wilderness. I hear the ever approaching thunder, which will destroy us too. I can feel the sufferings of millions and yet, if I look up into the heavens, I think that it will come alright, that this cruelty too will end, and that peace and tranquility will return again. In the meantime, I must uphold my ideals for perhaps the time will come when I shall be able to carry them out.

—Anne Frank, July 15, 1944

DEVON

MICHELE

We look before and after,
and pine for what is not;
Our sincerest laughter
With some pain is fraught;
Our sweetest songs are those that tell
of saddest thought.

Shelley

I believe that man will not merely endure: he will prevail. He is immortal not because he alone among creatures has an inexhaustable voice, but because he has a soul, a spirit capable of compassion, and sacrifice, and endurance.

William Faulkner

No man is an island, entire of itself;
Any man's death diminishes me,
Because I am involved in mankind;
And therefore never send to know for whom
the bell

It tolls for thee.

John Donne

The greater the obstacle the more glory in overcoming it.

Old swimmers never die, they just jump the gun.

Tears and sweat are wet and salty but they vander a different result. One will get you sympathy, the other will get you success.

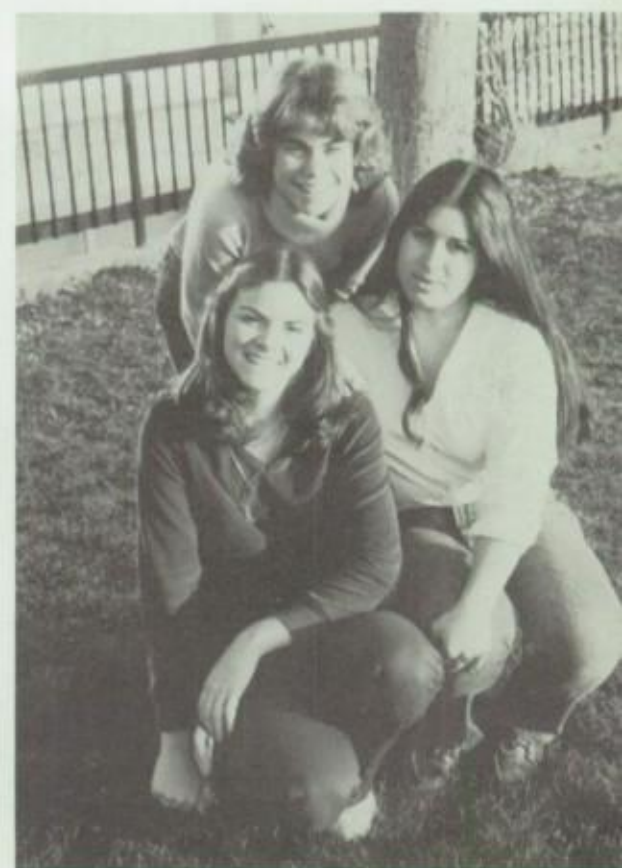

I want to be free, to face the life that's ahead of me.

Youth's a mask but it doesn't last, live it hard, and live it fast.

FISHER

Our memories of yesterday will last a lifetime. We'll take the best, forget the rest, and someday we'll find — these are the best of times.

— Styx

So many faces in and out of my life, some will last, some will just be now and then. Life is a series of hellos and goodbyes, I'm afraid it's time for good-bye again.

— Billy Joel

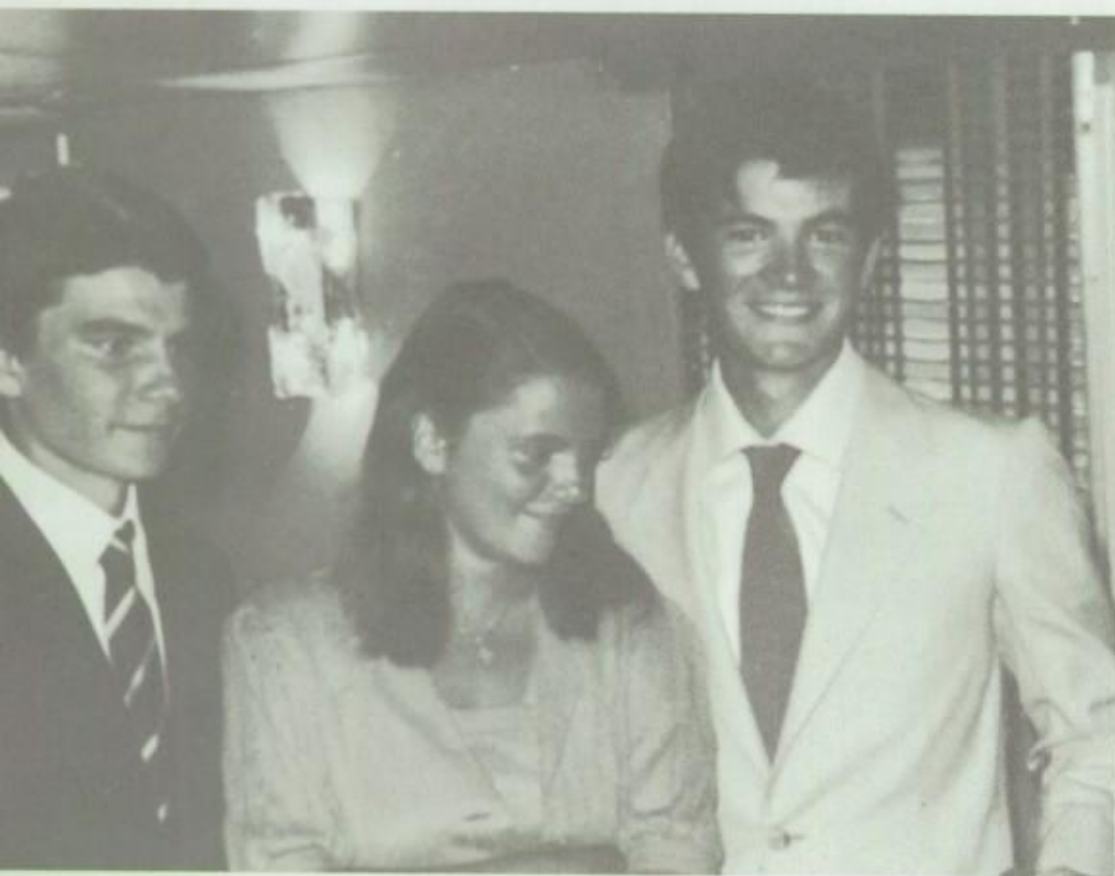

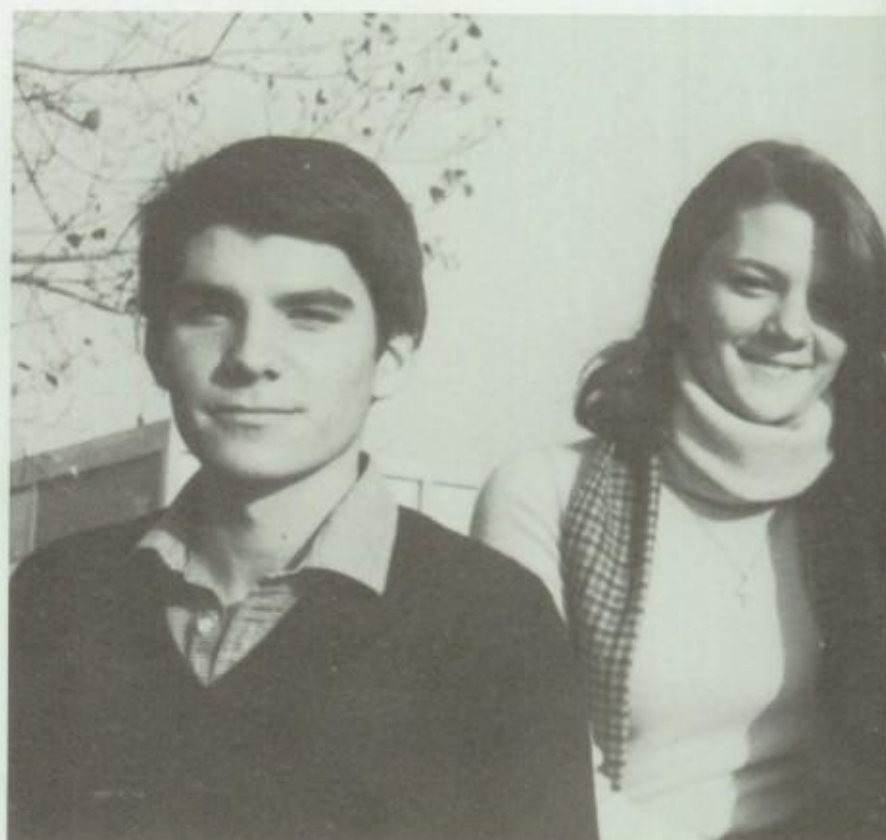

A dream is a wish we make for ourself — a moment that's all our own.

The rainbow is more beautiful than the pot at the end of it, because the rainbow is now, and the pot never turns out to be quite what I expected.

— Hugh Prather

PEOPLE

I like people quite well
at a little distance.
I like to see them passing and passing
and going their own way,
Especially if I see their aloneness alive in them.
Yet I don't want them to come near.
If they will only leave me alone
I can still have the illusion that there is room enough
in the world.

Down the ancient corridors

Are you serious?

Some day we may be able to eliminate the hypocrisy that governs our very lives. Some day we may be able to rid ourselves of the odious vermin I refer to as warp factors that deliberately try to mold our minds. That gently try to persuade us into conforming to their obviously unsuccessful thinking. Sorry, oh perfect ones, ya didn't get me and ya never will.

"If you don't know where you're going, you'll probably end up somewhere else." My question is simple. So what?

What in the hell is the world coming to when we waste precious moments of our lives writing yearbook quotes?

FRANCISCO FERNANDEZ

IVONNE MANGUAL

Great knowledge is all-encompassing; small knowledge is limited. Great words are inspiring; small words are chatter. When we are asleep, we are in touch with our souls. When we are awake, our senses open. We get involved with our activities and our minds are distracted. Sometimes we are hesitant, sometimes underhanded, and sometimes secretive. Little fears cause anxiety, and great fears cause panic. Our words fly off like arrows, as though we knew what was right and wrong. We cling to our own point of view, as though everything depended on it. And yet our opinions have no permanence: like autumn and winter, they gradually pass away. We are caught in the current and cannot return. We are tied up in knots like an old clogged drain; we are getting closer to death with no way to regain our youth. Joy and anger, sorrow and happiness, hope and fear, indecision and strength, humility and willfulness, enthusiasm and insolence, like music sounding from an empty reed or mushrooms rising from the warm dark earth, continually appear before us day and night. No one knows whence they come. Don't worry about it! Let them be! How can we understand it all in one day?

SONG OF THE OPEN ROAD

Afoot and light-hearted I take to the open road,
 Healthy, free, the world before me,
 The long brown path before me leading wherever I choose.
 Henceforth I ask not good-fortune, I myself am good fortune.
 Henceforth I whimper no more, postpone no more, need nothing,
 Done with indoor complaints, libraries, querulous criticisms.
 Strong and content I travel the open road.

Hey Our main dark corner man!
What's going on?
Here we are on the verge of
Adulthood - graduation at last.
We tried to corrupt you with
guards and other such things
and you almost proved incorruptible.
Almost that is. Years from now
you'll look back and say this
is where I turned bad. And then
you'll probably sue us for
libel when you see what we
wrote about you in our book

Nuke the Polar Bears!

Fear and loathing at ASM while Trout Fishing in America on a "german" binge.
But then again you may laugh as you recall events from Avila,
Torremolinos, the first day of the Iberian Tournament, Torremolinos, Paris
Torremolinos and the many other exciting events that would be too
tedious to write down but are worthwhile remembering. It's a pity
that you never met our friends from E.O and never got a chance
to visit the place either. You also missed all the exciting sights that
we saw while on the train returning from Hotel San Fermin. It's
a good thing that Miguel didn't believe that I boozed Devon for
too long.
Well I'm being long winded and boring not to mention trite and
uninteresting so stay "denots"

How Austin designs and builds facilities on time and within budget.

When it's time to expand your business, you want facilities that meet your needs, as soon as possible, and delivered under strict budget control. And that's what you get with The Austin Method.

Meeting your needs. How does Austin assure you of getting the building you need? First, by providing single-source responsibility for consulting, design and construction, we maximize your control over the project. We can work with you from feasibility studies clear through start-up or interior furnishing. You make your wishes known to us and we're entirely responsible for carrying them out.

Secondly, we can add good ideas to the ones you already have. With more than 25,000

world wide projects to our name, we've gained a lot of insight into design and construction for all kinds of industries.

Speeding your construction.

Austin's single-source responsibility pays off in speed, as well. We can order hard-to-get materials as soon as our initial contract is drawn up, or begin construction while detailed engineering drawings are still being finalized. The Austin Method can often shave months off a project's construction schedule and that can translate into important cost savings.

Working within your budget.

Austin's management experience assures you of rigorous cost control. In over a hundred years of design and construction

service, Austin has amassed an impressive on-time, in-budget record.

If we didn't come through with what we promise, our clients wouldn't keep on coming back. And traditionally, returning customers account for 75 percent of Austin's business. For more information about our world-wide capabilities, contact The Austin Company.

Now! what a year. I've
been alot of voyages, and also
many trips. Merida, Paris, the
Gouremotinos. But Miggy,
really did it with. No

bear hunting grounds: Bervall.

Wow! What
good stuff
(MICKY'S LAST WORK
BEFORE HE IS ARRESTED
ON JR. TRIP)

Remember Intelligence until whenever
it was in the morning. I've found the core
of beer. We'll have to down one before college.
Don't forget Pathokow catching you (typical stone)
behind the bleachers, or Mr. Joyce and his drug dog.
Remember "Kae's Warehouse"? My, what a witty lady.
Another one is dingbat Galleath. anyway, have fun with
the Catholics, furs, blocks, wops, assholes, and whoever else
will be down at Notre Dame. Will have to get together sometime
during college. Stay cool and keep in touch.

P.S. you took the joking
great. Of course it was
all in fun, even if
it was all true HA, HA

Well, first I'd like to
apologize for smashing
a quail on your yearbook
but what's life? right.
So let's hear it for a

dont forget me: have fun

Kevin,

I am sure you are glad to
leave A.S.M. I would if I were
leaving! Have a blast in
college and take it easy.

Chris Carter

Kevin,

ya wanna hear another one

may the rubber duck of

Hey, it's been quite
a year and we're finally
getting out of the A.S.M.
institution for the mentally
insane....

Have fun & keep partying
(no gins?!)

Luv

Evelyn.

Minken, (Captain Come, jism man, etc.)

Good luck at Notre Dame ~~and~~ Don't forget all
the great times at ~~the~~ Hague and Merida. The
dance at ~~the~~ Hague and the Henicken and my
Black ^{Irish} Jew ~~of~~ Mother. We couldn't stop laughing.

Tomie a bigot! I can just see it - the
president of ^{corrupted and} IBN ~~murderer~~ ^{after} by a roving band
of ~~and~~ Bros, Polaks, jews, spiks, and every other
(a.k.a. spades,
skidmarks,
etc.) type of minority in the world.

I'll be funny. Take it easy, don't let no
~~skid~~ "skidmarks" cut you, motherfucker! and watch
out, because my mom'll be the first one to cut your
ass if she gets you. goto page 17

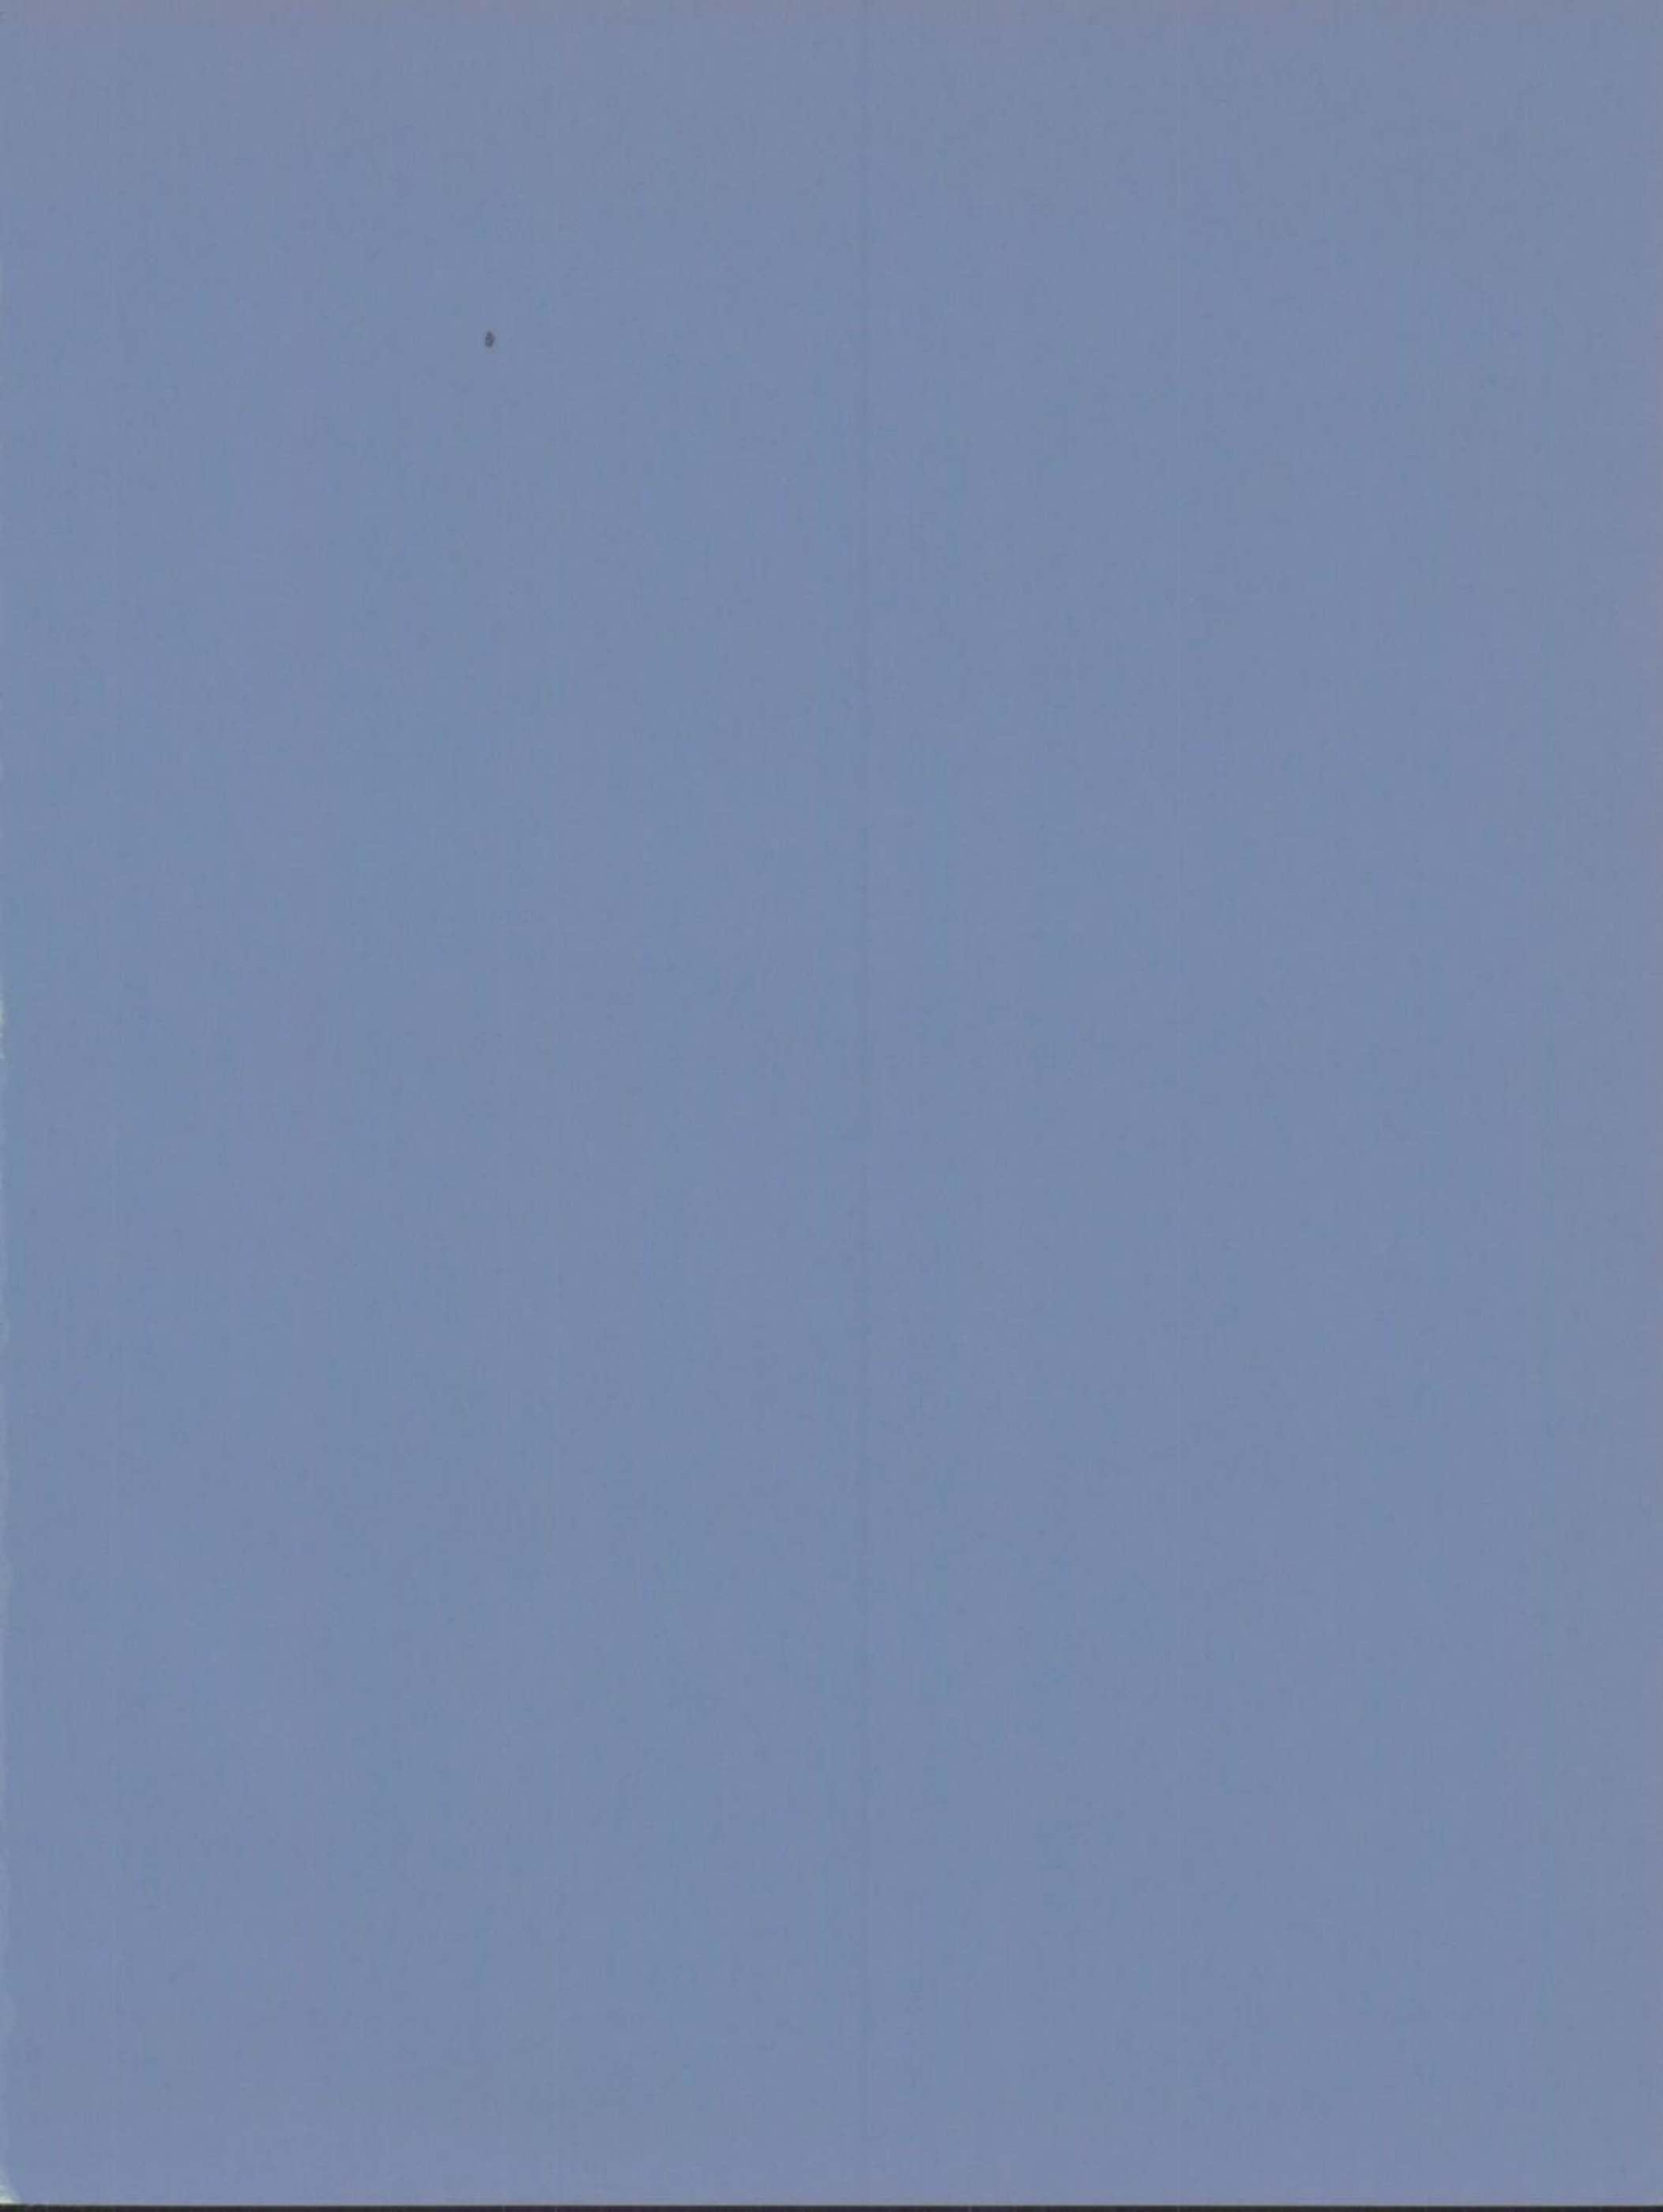

Keren,

I don't know how to write what I want to say
(this sounds corny and like a love note) Thanks
for ~~being~~ putting up with all the B.S. I've
given you. Well next year I'll be really quiet
~~and~~ unless new people come (joking) just think
I'm losing a big brother and a really close friend
if it wasn't for you I wouldn't have ~~not~~ failed
Geometry. Well Summers here, School's out, I'll
be the big 1-6. I'll always remember your mother
kissing you, ~~the~~ Paris partying there & from, being
timed in the bathroom (haha!) And most of all
I'll remember Brian (he's such a Sweetie)
Well I'll end before I bore you.
And shut up about my hair or you
won't have any b-----s (in case your mom reads
this)

Love
Always
Kiden

The first thing I noticed when I stepped
out of the plane was the fresh air. It was
so different from the stale air of the city.
I had heard that the mountains were beautiful,
but I didn't know how beautiful they would be.
The view from the plane was breathtaking.
I had never seen anything like it before.
The mountains were so high and steep,
and the valleys were so green and fertile.
It was like a different world.
I had heard that the people were friendly,
but I didn't know how friendly they would be.
The people were so warm and welcoming,
and they made me feel like I had found a home.
I had heard that the food was delicious,
but I didn't know how delicious it would be.
The food was so good, and it was so different
from anything I had ever eaten before.
I had heard that the weather was perfect,
but I didn't know how perfect it would be.
The weather was just what I needed.
It was warm and sunny, and it was just
what I needed to feel like I was in a new world.
I had heard that the people were friendly,
but I didn't know how friendly they would be.
The people were so warm and welcoming,
and they made me feel like I had found a home.
I had heard that the food was delicious,

Hey mellow boy.
Well you really surprised us with
your drinking, smoking, and taking habits.
We had a lot of fun on the senior
trip and I would just like to say
your a real cool guy.

Stay
mellow
